We are glad being able to offer for Sale:

2007 Cessna Citation CJ2+ s/n 525A-0375

The Cessna Citation CJ2+ Business Jet is a derivate from the CJ2 of which more than 450 aircraft have been delivered since 2000. Pilot workload is reduced now that FADEC is standard. Maximum take-off load has been increased. So has payload. The CJ2+ also climbs more quickly, cruises faster and ranges farther than its predecessor. Yet, remarkably, it uses less fuel. The CJ2+ also delivers enhanced passenger and pilot comfort and more advanced avionics. And it can take off and land on shorter runways, even in high-hot conditions. Yes, it's exhilarating to fly.

Only 802 hours TT - 591 Landings - still like new condition

JAR OPS 1 / EASA certified
